Start your own business as an Associate of NCC

Start your own business through becoming an Associate of NCC, selling and delivering their range of fully accredited Learn for Life Training Seminars.

Start your own business as an Associate of NCC. Business in a Box will enable you to become a self-employed Associate of NCC with the support and back-up of a professional and successful organisation that has been established for almost 15 years. NCC is a Private

Limited Company with a proud heritage of unrivalled product development and business solutions. You will be provided with all the support that you need to generate successful sales along with an Associate Manual which will provide you with guidelines and know-how to assist you with your Business in a Box venture.

Our Business in a Box is the key to Associate Status for our range of Learn for Life Training Seminars, a unique accredited product that provides flexible training delivery. Our comprehensive range of Seminar resources provides an 'off-the-shelf' solution for commercial course delivery. These professional packages can be delivered in bite-size or full one-day seminars, providing the delivery team with a flexible solution that can be adapted to the needs of the employer.

You can chose one title from a range of 30 as your Business in a Box purchase, and if accepted as an Associate, would then be able to purchase further titles from the complete range at special Associate prices. The best title to choose would normally be one where you already have competence of the subject area.

NCC and Access to Higher Education

The Access to HE Diploma is a national, credit based qualification which prepares students for study at university. It is designed for people who would like to study in HE but who left school without the usual qualifications, such as A Levels. Diplomas are made up of credit-based units at Level 2 and Level 3. They are an alternative to traditional qualifications and are specifically designed to support adult learners seeking qualifications to get to university and improve career prospects.

To achieve an Access to HE Diploma, students need to complete a programme that includes units of study in relevant subject areas. Students will be taught study skills – learning how to approach study and the different techniques needed to be a successful student. The whole Programme has been designed to ensure that the student is thoroughly equipped for studying at university. For each unit successfully completed, students will earn credits that gradually build towards the 60 credits that are required to gain the full Access to HE Diploma.

NCC Home Learning are delighted to be able to offer students the opportunity to enrol onto the Access to HE Diploma and will be offering course titles in our particular area of expertise - Health and Social Care. Students will simply choose a combination of subjects from the list below to suit their area of interest and study at home at their own pace. The course by its very nature will be challenging but there will be plenty of support by experienced tutors to ensure students achieve.

Subjects on offer in the Health and Social Care Professions Pathway:

Level 2

Introduction to Safeguarding Children and Young People
Introduction to Mental Health
Introduction to Safe Handling of Medicines
Introduction to Equality and Diversity

Level 3

Responding to Substance Misuse
Foetal Alcohol Spectrum Disorders
Palliative Care
Dementia Care

Many Access to HE students go on to succeed at university and beyond, with a large number pursuing new careers and seeing changes in their lives that they had never thought possible. In fact, two thirds of students on Access courses applying to university last year were accepted.

Psychology Diploma

NCC Home Learning are proud to announce that we are working in conjunction with Dr Matthew Smith (of Most Haunted fame!) and Elizabeth Ottley to produce our very own Level 3 Psychology Diploma.

Dr Matthew Smith was an Associate Professor in Psychology at Liverpool Hope University and led the Parapsychology Research Group. He has recently conducted research on replication issues in parapsychology and psychological variables associated with paranormal belief.

Dr Smith was awarded his PhD on the psychology and parapsychology of luck from the University of Hertfordshire in 1998. While a postgraduate, Matthew was awarded the Gertrude Schmeidler Award for an Outstanding Contribution to Parapsychology by the Parapsychological Association.

Dr Matthew Smith's current research, funded by the Bial Foundation, is examining the role of experimenter variables in ganzfeld-ESP research. Matthew has made several television appearances as a Resident Parapsychologist for LivingTV's Most Haunted.

Elizabeth Ottley is working in partnership with Dr Smith to author this programme whilst studying for a Masters of Education in Psychology.

Matthew and Elizabeth are currently working hard to launch this brand new Diploma in January next year! Topics will include Who are you? The science of psychology, Cradle to grave: Developmental psychology, You and me, me and you: Social psychology plus many more! Watch this space!

Human Resources Diploma

Due to popular demand of our current Human Resources Certificate, we are currently in the process of producing a brand new and up to date Diploma. This course should be available mid February so keep your eye on our website at www.ncchomelearning.co.uk for the launch.

Business Administration Diploma

This brand new Diploma is being designed to reflect the work of administration staff across a wide range of industries and types of organisation, fitting into many roles, either carrying responsibility or not. Again, watch this space for arranged launch dates.

Proofreading Level 3

Due to popular demand of our current Level 4 Proofreading Diploma, we will be launching a level 3 certificate which can be studied as an introduction to our level 4 Diploma. The course will be available within the next few weeks and launched through www.ncchomelearning.co.uk

Faculty of the Month

NCC Home Learning are giving a little bit of a twist to our usual 'Course of the Month' feature by advertising our full Healthcare Faculty!

Our NCC Home Learning Healthcare Faculty course sales have been booming these last few months, so we would like to give potential students an overview of what is available and an additional £20 discount off any course in this faculty, priced over £150, using the code:

HEALTH010210

General health and social care has had a major boost in recent months, being pushed by the media to highlight how rewarding a career in this sector can really be. A career in health and social care brings skills such as listening, communicating, being sympathetic and a general much needed help to others to the forefront. With health and social care being the biggest employment sector currently in the UK, there is the ever growing demand for individuals to enhance their career and personal development by becoming involved in this field.

The range of our home study courses listed below can each help to improve your skills and knowledge whether you are already working in this field, intend on doing so or simply have an interest in the health and social care sector, maybe even on a personal level to enable you to give as much support as possible to family and friends who may be in need.

Visit the [Healthcare Faculty](#) here today to see a full list of courses available.
