Welcome to November with NCC Home Learning. As the evenings get longer, why not spend time learning a new skill in the comfort of your own home, either for business or for pleasure. Investing in an NCC Home Learning course could make a difference to your future career prospects as could spending the next five minutes reading this newsletter as

you'll find out about our fantastic new courses, including Access to Higher Education Diploma, Garden Design and Dog Grooming!

NCC and Access to Higher Education

NCC is pleased to announce that it has now been approved by Ascentis, an Access Validating Agency and National Awarding Body to deliver the QAA-recognised graded Access to HE Diploma by distance learning.

The Access to HE Diploma is a national, credit based qualification which prepares students for study at university. It is designed for people who would like to study in HE but who left school without the usual qualifications, such as A Levels. Diplomas are made up of credit-based units at Level 2 and Level 3. They are an alternative to traditional qualifications and are specifically designed to support adult learners seeking qualifications to get to university and improve career prospects.

To achieve an Access to HE Diploma, students need to complete a programme that includes units of study in relevant subject areas. Students will be taught study skills – learning how to approach study and the different techniques needed to be a successful student. The whole Programme has been designed to ensure that the student is thoroughly equipped for studying at university. For each unit successfully completed, students will earn credits that gradually build towards the 60 credits that are required to gain the full Access to HE Diploma.

NCC Home Learning are delighted to be able to offer students the opportunity to enrol onto the Access to HE Diploma and will be offering course titles in our particular area of expertise - Health and Social Care. Students will simply choose a combination of subjects from the list below to suit their area of interest and study at home at their own pace. The course by its very nature will be challenging but there will be plenty of support by experienced tutors to ensure students achieve.

Subjects on offer in the Health and Social Care Professions Pathway:

Level 2
Introduction to Safeguarding Children and Young People
Introduction to Mental Health

New Course - Garden Designer

Garden Designer - The course is designed in easy to follow units, with set exercises along the way to ensure you understand the areas covered. The course also has 3 tutor marked assignments, which will be marked and commented on by your personal course tutor.

Garden designers need to be trained in the principles of design and in horticulture, and have an excellent knowledge and experience of using

plants.

Our Garden Design distance learning course will teach you about the Design Layout, considering elements such as paths, walls, landscape features, water features, sitting areas and decking.

The course also covers information about the plants themselves, with consideration given to their horticultural requirements, their season-to-season appearance, lifespan, size, speed of growth, and combinations with other plants.

Students will have access to a personal course tutor by email. The course tutor is a highly experienced Botanist and Designer and has tutored in Garden Design, Horticulture and Plant Physiology at several UK Colleges and also holds a degree in Botany (Bsc hon).

and knowledge it's taken others decades to accumulate, right at your fingertips. Now is the perfect time to use this course as a guide to plan the perfect Christmas party!

Moving on slightly from Christmas and thinking about lovely summer weddings.... If you are a bit late to start studying our Event Planner course in time for the festive season, why not consider becoming a Wedding Planner, with plenty of time to complete your course before the flood of summer weddings begin.

Consider these facts from the Office for National Statistics: 306,200 weddings took place in the year 2003 in the UK alone *The average cost of a wedding in the UK is estimated at anything between £16,000 and £25,000! And did you know that a wedding planner generally charges about 20% of the total wedding cost?!

This course will instruct you on the many aspects of Wedding Planning, such as organising a religious or civil ceremony, choosing the reception venue and co-ordinating a wedding abroad. You will also look at arranging the catering, decorations, music, entertainment and photographer and are even provided with the information on how to plan hen and stag parties!

You will learn how to set up and run your own Wedding Planning business. We'll teach you how to prepare for a meeting with your client, how to manage and set a budget, how to establish and market your business and most importantly - the financial side of being a wedding planner!

This is a complete toolkit that includes everything that you need to get started as a wedding planner. The course is designed for study by distance learning at work or at home in your own time and at your own pace.

Online Discount

As well as the majority of courses already discounted across our site, we have also added an additional 5% discount by entering the code ONLINE in the coupon box at checkout. Don't miss this fantastic opportunity to SAVE EVEN MORE!

Please note that this code cannot be accepted over the telephone and is available against orders over £150 only.

Dog Grooming

A dog is a man's best friend. Sure, it's a cliché of course, but anyone who has owned a dog, or has looked after a dog knows that it's absolutely true! Dogs are loyal, loving, affectionate and (sometimes!) obedient. More often than not they become a really important part of the family.

And that's why this Diploma Course in Dog Grooming is so fascinating! It gives you a chance to interact with dogs, and includes

valuable advice on setting up your own business and make a living looking after our canine cousins.

USB Flash Drive Courses

We have recently added more titles to our USB Flash Drive list.

The popularity of our courses on USB Flash Drive has certainly exceeded our expectations and we are reminding customers that this is still available with a selection of courses, making it easier for you to save and submit your work whilst doing your bit to help the environment at the same time!

Each drive comes complete with the course material already loaded and ready to use and has additional space available so you can store your own files on there too! The drive is also an addition to the course material so you will still receive your binder pack containing your chosen course.

The activities are divided into units, in the same manner as they are in the workbook and then either emailed or printed and sent directly to your tutor. This electronic option to complete your course is not available anywhere else and will make learning from home a much more flexible method of study for the everyday busy student!
